

## **Sinus Infection and Stomach Pain**

Jennifer was suffering a lot with sinus infection and stomach pain. We have tried everything. Then someone told me about Dr. Horning. So I decided to take Jennifer to see him. I'm very happy I did. Jennifer was feeling better in only a couple of visits. She loves to go for her visits and that's important to me. Before I used to drag her to the doctors.

Thank you very much Dr. Horning
